**GPA 3.76 / 4.00 | IT Support Intern at PLN (Ongoing) | Project Manager & Team Lead**

## PROFESSIONAL SUMMARY

Final-year Informatics student (GPA 3.76/4.00), currently an IT Support Intern at PLN, applying for the Garena Internship Program. Builds user-facing products (Laravel web apps, native Android apps), has led project teams as Project Manager and team lead, and works with stakeholders to turn needs into delivered solutions. Fast learner with strong critical thinking, self-driven initiative, and an interest in the gaming industry and what makes products succeed with their users.

## EDUCATION

**Universitas Ahmad Dahlan** Yogyakarta, Indonesia
*Bachelor of Computer Science (Informatics)* | ***GPA: 3.76 / 4.00*** Expected Graduation: 2027

- Relevant coursework: Software Engineering, Database Management Systems, Computer Networks, Digital Forensics, Web Application Security

## EXPERIENCE

**IT Support Intern, PLN** Internship (Ongoing)

- Provide first-line IT support, troubleshooting hardware, software, and network issues for employees.
- Communicate technical solutions clearly to non-technical users and support day-to-day IT operations.

**Project Manager, Transparent Village Government Website** Academic Project
*Universitas Ahmad Dahlan*

- Led the end-to-end development of a public-facing village government website, translating stakeholder needs into technical requirements and deliverables.
- Managed project scope, task allocation, and delivery progress across the development team.
- Built with Laravel, PHP, and Tailwind CSS.

**Technology & Educational Lead, KKN Unit I.C.3 (Student Community Service Program)** Aug 2026 - Sep 2026
*Banyuwangi, Indonesia*

- Led a 10-member team and coordinated project logistics and digital literacy initiatives in collaboration with institutional stakeholders.
- Took the initiative to convert a responsive web application into a lightweight Android APK, delivering offline interactive learning tools for elementary students.

## PRODUCT & TECHNICAL PROJECTS

**Android App with Cloud Identity Management (Kotlin, Firebase)** Jan 2026

- Developed a native Android application with MVVM architecture, Firebase Authentication, and Firestore, with input validation and secure local caching to protect user data.

**Full-Stack Management Portal (Laravel, Filament, MySQL)** May 2026

- Engineered a role-based administration platform with role-based access control (RBAC), automated backups, and production deployment on Hostinger.

**Digital Forensics Investigation: E-Commerce Off-Platform Fraud (Undergraduate Thesis)** Aug 2026

- Investigated fraud on an e-commerce platform by correlating messaging databases, cache tables, and payment logs to reconstruct incident timelines and identify data leakage vectors.

## SKILLS

**Product & Collaboration:** Project Management, Requirements Gathering, Stakeholder Coordination, Team Leadership, Technical Support, Troubleshooting

**Data:** SQL (MySQL, SQLite), Data Analysis, Reporting

**Development:** PHP (Laravel, Filament), Tailwind CSS, Kotlin (Android SDK, MVVM), JavaScript, Node.js, RESTful APIs, Firebase

**Languages:** Indonesian (native), English (professional working proficiency)

## CERTIFICATIONS

- **Certified in Cybersecurity (CC), ISC2** (candidate, in progress)
